

CAREER OBJECTIVE

I am seeking an entry-level position as a Full Stack Developer where I can apply my technical skills, logical thinking, and problem-solving abilities to real-world projects. I am eager to contribute to an organization that values innovation and continuous learning, while growing both personally and professionally. My goal is to become a valuable asset to the team by delivering efficient, scalable, and user-friendly solutions, and eventually take on greater responsibilities in software architecture and team leadership roles.

ACADEMIC EDUCATION

B.E Computer Engineering | PK Technical College of Engineering | SPPU University | Pune
SGPA: 8.90 | CGPA: 7.65

2021-2025

HSC (Science)| Nirmal Bethany Junior College| Pimpri Chinchwad |Pune
Percentage: 75%

2019-2021

TECHNICAL SKILLS

Frontend: HTML5 , CSS3 , JS , Bootstrap , Angular

Backend: Java| OOPs | Collection Framework | Exception Handling |Spring| SpringBoot | REST API (ORM)Hibernate | JSP/Servlet

Database: SQL **Tools and Software:** Eclipse | VS Code | Postman | Maven | Workbench | Apache Tomcat | Git | GitHub

PROJECTS

UniTrack System

Here's the updated Unitrack System description with attendance tracking instead of performance tracking:

- Developed a web-based system for tracking and managing student academic records, assignments, and attendance.
- Implemented secure user authentication with role-based access for administrators, faculty, and students.
- Built RESTful APIs using Spring Boot and integrated them with a MySQL database for efficient data storage and retrieval.
- Designed an Angular-based frontend for seamless user interaction and improved usability.
- Enabled features for course management, attendance tracking, and automated reporting.

Personal Profile Web-Page

- Created a responsive web page showcasing personal bio, skills, and projects.
- Practiced frontend development principles and visual presentation.
- **Tech Stack:** HTML, CSS, JAVASCRIPT

INTERNSHIPS

Web Developer Intern

Feb 2024 - March 2024

- Developed interactive website features for client projects at CodSoft Company, utilizing JavaScript-frameworks to enhance user engagement and functionality.
- Dynamic web pages creation and many other tasks using Frontend Languages.

TRAINING CERTIFICATION

- Full Stack Java Development
- Software Engineering Job Simulation
- Institute Web Development
- Certificate Course in Programming C++
